## Our Lady of the Rosary

... the Holy Rosary is not a pious practice banished to the past, like prayers of other times thought of with nostalgia. Instead, the Rosary is experiencing a new Springtime.

Without a doubt, this is one of the most eloquent signs of love that the young generation nourish for Jesus and his Mother, Mary. In the current world, so dispersive, this prayer helps to put Christ at the centre, as the Virgin did, who meditated within all that was said about her Son, and also what he did and said.

When reciting the Rosary, the important and meaningful moments of salvation history are relived. The various steps of Christ's mission are traced. With Mary the heart is oriented toward the mystery of Jesus.

Christ is put at the centre of our life, of our time, of our city, through the contemplation and meditation of his holy mysteries of joy, light, sorrow and glory. May Mary help us to welcome within ourselves the grace emanating from these mysteries, so that through us we can "water" society, beginning with our daily relationships, and purifying them from so many negative forces, thus opening them to the newness of God.

The Rosary, when it is prayed in an authentic way, not mechanical and superficial but profoundly, it brings, in fact, peace and reconciliation. It contains within itself the healing power of the Most Holy Name of Jesus, invoked with faith and love at the centre of each "Hail Mary".

**Let us make a special effort this Month of the Rosary to pray the Rosary daily. May our *Rosary Garden* help inspire us to pause, and to gaze just as St Bernadette did, at the power of praying the Rosary, and ask Our Lady's intercession to help us on our life's journey.**

Please remember in your prayers.....
